The City Career Expo Arrives at Scarborough Town Centre

Scarborough, ON. – Founder Philip Suos is taking The City Career Expo out of the convention halls and recreating the experience inside one of Canada’s largest shopping centres; specifically, Scarborough Town Centre. It will offer a wealth of opportunity for those seeking employment, internships, education and much more.

Now in its 5th show since its inception, The City Career Expo’s goal of bringing career opportunities to people hasn’t wavered. With thousands of attendees expected to take part, it continues to be the most influential career show in Ontario. This year the show has partnered with Ontario’s most respected companies who will help find you the right career right now.

By bringing The City Career Expo to Scarborough Town Centre, both job-seekers and industry professionals will have a chance to interact on a much larger scale in a more active environment. Attendees will have free, unlimited access to seminars and exhibitors for the full event.

“No other show of its kind has ever attempted this before,” says Founder Philip Suos. “It’s a show that will generate maximum returns for employers and job-seekers alike.” With the support of key sponsors like *Workopolis*, Suos feels confident of the show’s success.

The City Career Expo takes place at Scarborough Town Centre in Centre Court. Keynote speakers will be conducting seminars from March 21-22 while exhibitors will be on hand for meet-and-greets from March 23-25. The event is free for the public and offers over 5,700 free parking spaces. It also features direct access to on-site public transit and GO transit.
